Forecast for Sunday 31 Mar 2024

Weather: Dry with patchy cloud and clear spells overnight, with chance of the odd shower pushing up from the south. Sunny spells to start the day but cloud feeding in from the east through the morning, still allowing some brighter spells. Increasingly cloudy into the evening with some light rain or drizzle possible later.

Chance of cloud-free hill tops above 600m: 80%, falling 20% into the evening

Low cloud and visibility: Few or scattered cloud base 500-700m at times during the morning. Extensive low cloud feeding in from the east into the evening. Visibility mainly good, poor in hill fog later.
